lower than yesterday.

The most effective selling was in People's Gas, Northern Pacific issues, Union Pacific preferred and Sugar Refining. The last was second only to St. Paul in point of activity and second only to People's Gas in respect to the et loss that it sustained. The market for People's Gas was seemingly affected by reports that little progress is being made in the negotia-tions between the company and the Indiana Natural Gas Company relative to a new alliance more satisfactory than the present one. As the day advanced the market became irregular, and in spite of the efforts of the professions element to establish a lower level a number of stocks sold at the highest prices yet recorded for them. Among these were American Cotton Oil, Chicago Great Western, United States Leather preferred, and a number of the less active shares, notably New York Air Brake, which enjoyed a sensational advance to par. The low-priced shares did not suffer as seri-

tively light transactions, also closed 1% W cent.

ously as those that have been leaders in the speculation, for the reason that they have not advanced as much. Some of the specialties more than held their own. Chief among these were Consolidated Ice, Great Northern preferred, Pacific Coast common and Buffalo, Rochester and Pittsburg. London both bought and sold, and arbitrage houses agree that their sales exceeded their purchases. There was a falling off in the volume of trading, the total sales being fully 20 \$ cent. less than yesterday. Considering the amount of stock that has been thrown upon the market the last few days and the vigorous attempts that were made to de-press prices it must be admitted that the list made a very good showing. The closing was in the main heavy, yet at a recovery from the lowest figures recorded.

Cayuga Lake Steamer Burned. SENECA FALLS, N. Y., Aug. 18,-The steamer Ithaca, owned by Mrs. J. L. Hunt of Ithaca, was burned to the water's edge at 2 o'clock this morning while moored at the dock in Cayuga The crew, who were all aboard, escaped with out injury. The loss is estimated at about out Injury. The loss is estimated at about \$40,000, partially covered by insurance. The boat, which is an old one, formerly bore the name of T. D. Wilcox, and was rebuilt and renamed three years ago, since which time it has carried passengers to and from Ithaca and Cayuga touching all points on Cayuga Lake. It has been aftre twice before this summer, each time much difficulty being experienced in extinguishing the flames. The blaze started in the engine room, but the exact origin is a mystery. The remains of the bulk and machinery sank in about forty feet of water.
